We Carl Friderich by the Grace of God, Margrave of Baden and Hochberg, Landgrave of Sausenberg, Count of Sponheim and Eberstein, Lord of Rötteln, Badenweiler, Lahr and Mahlberg, etc., acknowledge and announce hereby that we upon certified humble appeal that to John Meingis up to this time citizen of Bogofeld in our bailiwick of Durlach, who with his wife and four children proposes to emigrate to Pennsylvania, the service which the same has heretofore rendered us we have consented to remit; we also do the same and in such a manner that neither we nor our princely heirs shall have right to sue John Meingis his wife or their descendants, it being a fact that he would set aside in one or another place of our Principality and lands where we have service and Leiningian all conviction short or long. In testimony whereof we allowed to be dismissed John Meingis more present under our hand and seal of the princely ~~[illegible]~~ Government office afore expressed; which is given in our princely residence at the city of Carlsruhe the 30th of April in the year 1757.
